COMMODORE'S CORNER

Greetings and salutations, What a difference a year makes. Summer is upon us in all its glory. You couldn't ask for better weather.

We are looking forward to the club cruise leaving on July 29th. A giant thank you to Trish and Larry (let's be honest it was mostly Trish) for all the time spent planning and making arrangements.

I hope everyone is enjoying their summer. See you at the club!

(John Stevens, Commodore)

VICE COMMODORE

It's hard to believe we're halfway through July. The summer series for the racers has just begun. A good time is being had by all. We

have procured the parts for repairing the fuel tank level gauge and they should be installed by the time this is published. I've also been informed that there is no power on the sea wall and will look into it this weekend. Coming up soon will be the club cruise. Be sure to contact Larry and Trish Beneway for details. Hope to see you all at the club!

(John Saucke, Vice Commodore)

REAR COMMODORE

Looks like we are continuing our great start this summer. Looking forward to seeing everyone at Club Time!

(Ken Beghini, Rear Commodore)

FLEET CAPTAIN

It is hard to believe that half the sailing season is over. At least we still have about half of it left! We are seeing quite a few guest boats staying at the club

overnight as they travel the lake. Please welcome them and show them the facilities. If you are going to cruise and leave your dock empty for awhile, please try to let me know (email, call or text). I may let a guest use your dock because the shore power is still out on the guest docks by the crane.

(Eric Grape, Fleet Captain)

THANK YOU’S:

“The sea was angry that day.” (George Costanza; Seinfeld; The Marine Biologist episode)

The sage sort of goes like this, as passed down to me. Deb Trout, Jack Evans, and Bob Burkhardt were sitting on the porch on a very windy afternoon when two kayaks and a small sailboat headed down the creek and out into the Lake. Moments later the sailboat was in trouble and one of the kayaks had flipped.

Our three intrepid members sprang into action. Due to the wind and chop, they went out in Jack’s boat to offer assistance. They retrieved the overturned kayaker, who turned out to be the father of the sailboat boys and got him in the boat. They then instructed the boys to sail the boat onto the beach. Then they went to the other kayaker, the mother, who did not want to get into the boat, for she was on the phone with 911. Eventually she was persuaded to do the safe thing.

Jeff Spring, who witnessed the events, went to the aid of the beached sailboat boys and helped them.

After all had been returned to the basin the Emergency vehicles showed up. Fire Rescue and Ambulances. None had a boat.

All were safe and sound by this time.

So, Hail to Deb, Bob, Jack and Jeff!

RACING:

Just a reminder that the Hospice Regatta weekend is August 17-19. There's a wine tasting on Friday evening. The three race regatta is Saturday with a long distance race on Sunday. There are three divisions: Spinnaker, Genoa Only and Cruisers only. GYC is the host Club this year. The sponsor and benefactor is Sunset House again. This is a two bed hospice house that is

all volunteer and funded by donations. If you want to help a good cause and can't race, please consider sponsoring one of the BYC entrants. (Submitted by Bob Burkhardt)

Lady’s Day Race: The Saturday of Labor Day weekend and the couples race on Sunday of Labor Day weekend. Skippers meeting for both will be 10am.

Miscellaneous Ramblings:

This month’s dribble will be of a different sort, but sort of boat related. Atomic Fours and Ford Model A engines are almost identical. I own and work on Model A’s. Last Saturday I was at a regional meet in Waverly and there was a Hill Climb. My 1930 Coupe won! The course was one mile long with a 7.5 percent grade. My time was 1 minute 28.4 seconds with an average speed of just under 41 miles per hour. I won by .4 seconds. The car pounded all the way up.

Here is a picture of me with Jim Morris, the Sullivan Trails Model A Club Director on the left and Jeff Barber, owner of State Line Auction, where the meet was held.

As I stated in the beginning, a different kind of dribble..

Keep you spars clean.

MEMBER'S BOAT ARTICLE:

Bottoms Up! By Les Ulp

The *Shirleyday* with all family crew It's an excellent picture of a racing event that may encourage members to race or not. A little history the boat was named the *Shirleyday* because Shirley would only sail if it was a perfect day, hence the name *Shirleyday* Shirley became a real good sailor and we even chartered a sailboat to sail in the Caribbean with other members of the club. Most of older members know the story. (Great shot of Les calmly piloting the *Shirleyday*. Thanks Les! Ed.)

Has anyone seen the mascot lately?

I left it's picture and the great *Pohono* shot on the last page.
