COMMODORE'S CORNER

Greetings,

John Saucke, Commodore)

VICE COMMODORE

(Ken Beghini, Vice Commodore)

REAR COMMODORE

It was great to see the large turnout for the annual Corn (and Pig) Roast. I want to thank everyone who helped get the club in order so that this event could happen. For me, the Corn Roast this year represented that things are slowly getting back to normal. With that said, there is a ton of work to do, and a very short amount of time to get everything done. The work has been prioritized, so everything will not get done at the same time, and most likely some of the work will slip to the spring or even after launch next year.

(Eric Grape, Rear Commodore)

FLEET CAPTAIN:

Thanks to all who helped out at the work party last month.. We got a lot done, including straightening docks and fixing some of them on the creek. Just a quick reminder: at last month's membership meeting the haul-out was voted to be pushed back to OCT 18-19. With that said, between now and then you may want to check your lines and fenders. The water level is dropping. At the September meeting I will start putting together haul-out schedules, boat placement schematic, etc. By that time I'll also have a better idea of where we'll be storing our masts. If you're not pulling out with the club, please let me know this as soon as possible so that I can adjust accordingly. Finally, if you won't be available for any jobs during haul-out or you can't do the jobs that have been assigned to you in the past, please let me know. Thanks. See you at the meeting.

(Rich Wiest, Fleet Captain)

REMINDER: CHECK YOUR DOCK-LINES!!!

With changing (lowering?!?) water levels lines can become very taut, or slack, and not let your boat move around properly within the bounds or your slip. Fender boards, too.

SOCIAL COMMITTEE:

The September 26th meeting will be again catered by Colby's Catering. Jim, owner of Colby's, has recommended the Prime Rib and BBQ'ed Ribs as the meat dishes. Sides and desert will be served. And yes, Special Sauce chicken wings as the appetizer.

BYC Reciprocal Guests:

By Bob Spencer

Now that BYC is dry, we are again receiving reciprocal guests. We do not have an "Officer of the Day" program. It is up to all of us to

make a guest feel welcome. If you find a guest on the seawall, please approach them and introduce yourself. Ask if anyone has shown them around. If not, ask them to sign the guest log by the club phone. Show them the restrooms and showers.

Offer ice (no charge). Explain that they can use the grills and pavilion as well as the beach.

Please ensure the club house and showers are unlocked at night so the guest can use the facilities. We do not charge for docks to reciprocal guests. That is our policy. The better we treat guests at BYC, the better we will be treated at their clubs.

EDITOR'S TRUE POOP DECK:

Want to see God laugh? Make plans!

Life is what happens while you are making plans.

Both of the above sayings exemplify what has happened to me. With all of the intentions to sail more,. That just did not happen.

Today, Saturday the 21st, I was out of town and wishing I was at the work party and sailing. I got home, switched cars, and went sailing! It was only for a little over an hour, but I got my fix!

The end of next week is supposed to be good. Soooo, make plans to go sailing!

Capt. Olson having a good time at the corn roast! *Submitted by: Kevin Reitter*

An old sea captain was sitting on a bench near the wharf when a young man walked up and sat down. The young man had spiked hair and each spike was a different color.... green, red, orange, blue, and yellow.

The young man noticed that the captain was staring at him.

"What's the matter old timer—never done anything wild in your life?"

The old captain snorted. "Got drunk once and married a parrot. I was just wondering if you were my son!"

"Look's like Dave's found out about the Commodore and his wife."
